

## **Oliver Fetzer Bio**

Oliver Fetzer is President and CEO of Cerulean Pharma Inc., a Cambridge, MA based nanotherapeutics company. Before Cerulean, he was Senior Vice President, Corporate Development and Research and Development at Cubist Pharmaceuticals (NASDAQ: CBST). While at Cubist his responsibilities included Corporate Development, Business Development, Drug Discovery Research, Non-Clinical Development, Clinical Development, Chemical Development, Medical Affairs, and Program Management.

Prior to joining Cubist, Dr. Fetzer served as a Managing Director and Partner at the Boston Consulting Group in the firm's healthcare practice where he was responsible for projects in strategy, operational effectiveness, and mergers and integration. He was responsible for BCG Associate recruiting for the Boston office and a member of the Career Development Committee. Oliver worked at Bayer AG early in his career where he was involved in chemistry and pharmaceuticals.

He is a director of Auxilium Pharmaceuticals (NASDAQ: AUXL) and Cerulean Pharma. He holds a Ph.D. in Pharmaceutical Sciences from the Medical University of South Carolina, an MBA from Carnegie Mellon University, and a BS in Biochemistry from the College of Charleston.
